SCHEDULE "B"

STATEMENT OF REASON FOR DESIGNATION

The two and one-half storey double at 89-91 Murray Street is recommended for designation as being of architectural interest. Erected in 1876, it is of Vernacular Georgian Tradition style. In its overall exterior appearance this frame building features a pitched roof side-to-street, four regularly spaced windows centrally located doorways, dormers, and a brick veneer front facade. The entranceways were altered in 1977-1978. The building is a good example of nineteenth century Lowertown residences. The interiors are not to be regulated under this designation. It is noted that the above design includes reference to the design of the building interior.
