### **TO BY-LAW #95-30**

Named "the Hollows" by once owner and resident of Newcastle Village, Major David Bennett, this structure incorporates elements from separate periods of the 19th century. The lot which accommodates the building, was part of a Crown grant to Captain John McGill, who sold it in 1801 to Robert Baldwin, one of Clarke Township's earliest settlers. The oldest section of the frame house dates from the 1830s and it is located behind a two storey Edwardian addition, which was constructed by a Newcastle master carpenter names Pool in the early 1900s. Significant to the Village of Newcastle, the following architectural features are recommended for designation under Part IV of the Ontario Heritage Act:

**Exterior - the frame facade**

- the two storey L-shaped verandah
- the original 2 over 2 sash windows and storms
- the two 20 paned windows and large paned windows with storms
- the two main wooden doors, one in the 1830s portion and one from the 1900s portion

**Interior - the staircase with hand-crafted bannister leading to the kitchen**

- the main staircase of wide-grained Virginia chestnut
- the original pine and oak floors through-out
- the original wood trims, mouldings and doors
- the two wood and glass-paned pocket doors
- the fireplace surrounds and mantles with built in cast and copper burning units
