SCHEDULE "A" TO BY-LAW NO. 95-13

REASONS FOR DESIGNATION

John Love House
630 King Road

Statement of Cultural Heritage Value or Interest

The subject property has design or physical value as it is a representative example of simple Georgian style for early 19th century rural domestic architecture in Upper Canada. The John Love House is also an excellent example of an early form of vertical wood plank frame construction and is the earliest of buildings of this type to be identified in Richmond Hill as of 2008.

The subject property has historical or associative value as it is the last extant, original building constructed by a member of the Love family, early settlers who came to the area from Pennsylvania to play a prominent role in the establishment of the crossroads community of Love's Corners, later Temperanceville, at King Road and Bathurst Street. The Love family was also instrumental in the establishment of the Methodist congregation in Temperanceville including the donation of land for the construction of all three of the community's places of Methodist worship.

The subject property has contextual value as it is the only extant original dwelling of the community of Temperanceville fronting on King Road, east of Bathurst Street.

Description of Heritage Attributes

- Original form of the 1.5-storey, side gable roof house;
- Vertical plank frame construction;
- Openings and location of original exterior doors and windows;
- Return eaves on main roof verge;
- Exterior and interior 5-panel wooden doors with a wide lock rail;
- 3-panelled transom light over the front door;
- Original 9-over-6 windows in the north wall;
- 20-pane wooden storm window on the west main window
- Four small 4-panelled casement windows in the upper side gable walls.

The applicant(s) hereby applies to the Land Registrar.
