STATUTORY NOTICE ONTARIO HERITAGE ACT

NOTICE OF INTENT TO DESIGNATE HERITAGE PROPERTIES BY THE CORPORATION OF LOYALIST TOWNSHIP

TAKE NOTICE that the Council of the Corporation of Loyalist Township intends to designate the stone walls on the following properties as property of cultural heritage value and interest under Part IV of the Ontario Heritage Act, R.S.O. 1990.

PROPERTIES: 9000 Second Concession Road, 360 McDonald's Lane, 15095 Front Road, 4000 Front Road, 6345 Second Concession Road, and 5675 Front Road, all on Amherst Island. The designations apply only to the specifically described stone walls on these properties.

REASONS FOR DESIGNATION: The stone walls have contextual value because they tie to the historical character of the island where many of the roads would have been lined with stone walls. The stone walls also have design value for the craftsmanship in the construction of the walls. A few of the stone walls constructed on these properties are of newer construction, but follow in the tradition of the stone walls on Amherst Island.

Please be advised that the full report regarding the proposed heritage designations of the stone walls can be viewed in the Loyalist Township Planning Department during spring/summer business hours between 8:15am-4:30pm from Monday to Thursday and from 8:15am-12:15pm on Friday, Tel 613-386-7351, Ext 144.

AND TAKE NOTICE that any person may, no later than June 9, 2016, send by registered mail or deliver to the Clerk of Loyalist Township, notice of his or her objection to the proposed designations together with a statement of reasons for the objection and all relevant facts. If such notice of objection is received, the Council of the Corporation of Loyalist Township will refer the matter to the Conservation Review Board for a hearing.

DATED at Odessa this 10th day of May, 2016.

REASONS FOR DESIGNATION

Statement of Cultural Heritage Value or Interest

The stone walls have contextual value because they tie to the historical character of the island where many of the roads would have been lined with stone walls. The stone walls also have design value for the craftsmanship in the construction of the walls.

The Jorgenson Baker stone walls constructed on this property are of newer construction, but follow in the tradition of the dry stone walls on Amherst Island. The walls are dry stacked stone constructed of limestone, with occasional granite pieces included.

Description of Property

The 9000 Second Concession Road walls run along the Second Concession Road and extend onto the property. The Second Concession sections along the road are in three pieces with the first section starting 22 feet east of the driveway extending to the driveway with a gate pillar and then extending 16 feet onto the property along the driveway. The second section along the Second Concession Road runs west from a gate pillar on the west side of the driveway to a gate pillar on the east side of a walkway and includes sections that run 65 to 80 feet in onto the property along the driveway and the walkway. The last section along the Second Concession Road extends from a gate pillar on the west side of the walkway westerly for 20 feet before extending a further 12 feet onto the property. This section also includes a section extending onto the property on the west side of the walkway for over 80 feet.

FEATURES NOT TO BE COVERED BY THE DESIGNATION:

The designation does not extend to any other stone walls or any other structures on the property other than the stone walls specifically described.
