

## IRREGULAR / ASYMMETRICAL

1

5

3

2

This type is not easily identifiable as any other style. It is often the result of a built-up series of architecturally contradictory additions or phases. Examples: 1. Wexford Presbyterian Church (Toronto), 2. West Ellesmere United Church (Toronto), 3. St. Timothy Catholic Church (Orangeville), 4. St. Luke's Catholic Church (Vaughan), 5. Fairview United Church (Brantford)
