This massing is characterized by towers at the front and back, often of varying heights, sizes, types and forms. Sometimes, it results in a complex that has evolved in several phases, with multiple architectural styles. Examples: 1. St. Elias Ukrainian Catholic Church (Brampton), 2. Cornerstone United Reformed Church (London), 3. St. Mary's Ukrainian Catholic Church (Mississauga), 4. BAPS Shri Swaminarayan Mandir (Toronto)
